Mr. William J. Casey  
Director  
Central Intelligence Agency  
Washington, D.C. 20505

Dear Bill:

Enclosed is a resume from [redacted] a gentleman I met recently in my capacity as President of a local multi-hospital system.

STAT

[redacted] has a background in hospital planning and contacted me through a mutual friend for consideration as a planning administrator with our system. Our position has been filled for several years and we had no openings at his level.

STAT

[redacted] indicated a desire to pursue a career in the intelligence gathering community, with which he has had some experience. I am therefore forwarding you his resume in the event the Agency has need of a gentleman with his credentials.

STAT

Please extend our regards to Mrs. Casey and tell her my parents were both asking for her. Keep up the spirits and don't let them get you down.

Personal regards,

STAT
